Attention Valued All Valley Impound Clients

On June 17th, 2025, Arizona Impound acquired All Valley Impound and assumed their operations, some of their equipment and employees, and their footprint of vehicle storage facilities throughout Maricopa County.

Our blended team of committed employees currently operate 24/7/365 throughout Maricopa County and offer light medium and heavy duty impound services to our over 2000 private property owner and property manager clients.

We strive daily to improve processes and create solutions that our customers can benefit from. Our business feels small and easy to work with but is large enough to service your needs in an expedient manner throughout Maricopa County and the State of Arizona.

We have 4 offices strategically located throughout the valley to ensure quick response times as our equipment is already positioned close to you and ready to provide service to you 24/7/365.

We want to thank you for giving us the opportunity to earn your business. We know that you have many choices for towing vendors, and we are confident that you will find our family of companies offers the same great customer service that you provide to your clients.

If we can be of any assistance, please let us know. We look forward to working with you.

To Request Tow Service Please Call 602.278.1600 or 602.423.1849.
